

Google My Business Verification & Claim

Increase the chances of having your business found online

Did you know?

A well-maintained Google My Business can get 5x more views than listings which haven't been claimed by their owners.

Your customers don't simply look things up on the internet, they *Google* it! However, managing your business's presence on Google can be challenging and time-consuming. With this service, we can ensure that your business's name, address, and phone number are up-to-date and accurate on the most visited website in the world.

Build a strong online presence

Google processes over 3.5 billion searches per day, and 70% of online customers make a purchase from a business they find using a search engine.

Why do you need this service?

Google is the king of online search. You probably knew it, but claiming a Google My Business profile can be a daunting task. Still, it needs to be done if you want your customers to see accurate information about your business. If your opening hours, address, or phone number are wrong, it can hurt your brand. We can't let this happen!

How does it benefit your business?

Having a claimed Google My Business can substantially increase your online presence on Google, the most popular website on the internet. When people find your business online, they'll see a well-maintained listing with accurate information, which signals that your business is reputable and trustworthy.

Get more customers

Customers are 70% more likely to visit and are 50% more likely to consider purchasing from businesses with a complete listing.
